FROM THE PRESIDENT'S PEN....

Worthy Brethren and Brethren,

" THINKING OUT OF THE BOX - Putting an END to terrorism. "

It is very obvious that Israel no longer wishes to rule over Aza (Gaza), so every incursion by ZAHAL is only to "mow the lawn" as it were, already costing us 180 deaths and 700 injuries in the four "wars", for no good reason other than to try and ensure " quiet " for a few years ahead – with less and less useful effect as the terrorists always come up with new methods with which to attack us, both " physically ", and with propaganda - and we lose on all counts . Not to ignore the enormous financial costs – billions that could be spent on assisting disabled army veterans who have to subsist on very little.

There is no reason whatsoever to have our precious children killed - there is a possible solution: -

We have hundreds of Fatach and Hamas murderers in our prisons . Instead of trying to curb their attacks with an incursion by ZAHAL, or to free murderers, as in the " Gil-Ad Schalit deal ", I would humbly suggest the following:

1. Warn Hamas / Fatach, etc., that if they do not STOP their attacks – whether a " knife " Intifada, incendiary kites or balloons, tunnels, missiles, - or if they do not return the bodies of our soldiers, or free persons being held for ransom or " exchange " – by a certain date (say one week from the day the warning is given), then Israel will do the following :-
2. Place twenty (20) of their murderers currently held in our prisons, on a stand, with cameras filming the " event ", and that each one will be whipped forty (40) times, as allowed by our religious Laws.
3. Advise them that if that does not help, then, from a certain time - on the hour, every hour - one of the 20 will be hanged.
4. And that this pattern will be continued until they adhere to our demands.
5. And to ACTUALLY CARRY OUT OUR THREATS !

Of course there will be an outcry from the usual suspects – including BAGATZ (which in this case must be ignored), as also the screams of the EU , UN , UNESCO , other countries, Media, etc., but our Hasbara must say the following : " These murderers are despicable savages, who have sometimes slaughtered entire families, including slitting the throats of babies and children - (give the facts, with pictures of the victims - before their murder) and details of each prisoner's deed – and are unworthy of anyone's sympathy. **Add** that " **Israel is no longer prepared to accede to the terrorists' and ultra Liberals' ridiculous demands and complaints – that we have to secure our residents' lives".**

I would go further and suggest that Israel passes a law that anyone who attacks another person, and causes grievous bodily harm or death, will, after being found guilty, be given as part of the sentence forty (40) lashes with a heavy cane.

Women and children to be given less lashes. (Knowing that one will suffer severe pain is an excellent deterrent to criminal behavior). Who knows, maybe at last the world will see that indeed " the light has gone forth from Zion ", and that they will follow our example ; putting an end to terrorism in the world.

Fraternaly,

WORTHY BROTHER MICHA'EL BLOCH.
PRESIDENT.

EULOGY - WORTHY BROTHER CHARLES LOEB ל"ו

11 th. July, 2018.

Worthy Brethren, Brethren, Family and Friends,

I'm sure that everyone here today was aware that Charles had H.O.D. running through his veins. So much so, that Rina often called H.O.D. his mistress ! I won't go down that road , but to say his heart was definitely in the right place as far as Lodge was concerned.

Our paths crossed back in the late 70's, when as Grand President he visited Cape Town for our Annual Installation. Immediately we clicked and the 1000 mile difference in our locations did not prove a problem. In fact, in 1984 he was instrumental at the Installation when I became President of Lodge Kinneret No.43.

Unfortunately, I was not aware of all his previous history within Lodge. I do know that he met Nelson Mandela, and had a picture taken with him. He was Grand President twice, and was respected world-wide, not just in South Africa.

Jumping forward many years, both he and Rina made the wise decision to uproot and come to live in London. Even more so, when he agreed to transfer to our Lodge. It's not every day you have a twice Grand President in a Lodge.

I often went on Lodge projects with him. A Barmitzvah Boy from a very needy family, that we had paid for his lessons, Tefillin, Tallis, suit, and a small Brocha after the service.

Then there was the Zichron Menachim Project. Israeli children who have Cancer come over to the U.K. every other year. We helped out at Stubbers, in Essex, for the day, which was sponsored by H.O.D. U.K.

Actually the list is endless, and I won't go into any more.

Charles was a very eloquent man, who would usually pen Eulogies like this. Although he has passed on, we are blessed to have known him and call him a true friend.

A caring man, who would often ring others to see how they were.

Charles, you will be sadly missed. However, many many fond memories will remain forever.

On behalf of our Lodge, and the Hebrew Order of David International, we wish Rina, Warren, Anton, Tanya and Rudy, " Long Life ".

(With thanks to Worthy Brother Stephen Russell, and Lodge London No.2, for permission to reprint the above Eulogy, from their July, 2018 Newsletter.)
