JEWISH INTEREST

THE LUBECK HARBOR TRAGEDY

On this date in 1945, more than 7,000 survivors of Nazi concentration camps were killed by Britain's Royal Air Force in Lubeck harbor, Germany, in a tragic case of "friendly fire." Almost 10,000 Jews, Russian POWs, and other "enemies of the Reich" had been marched by the Germans from several concentration camps to the German Baltic coast and crowded onto three ships, which were probably scheduled to be deliberately sunk. Instead, in the course of two hours of bombing and strafing, British planes, under orders to "destroy the concentration of enemy shipping in Lubeck Bay," killed all but a few hundred of the survivors. The incident, which took place just a day before the British accepted the surrender of all German forces in the area, was hardly acknowledged and never memorialized, and RAF records about the disaster were sealed until 2045.

"We waved our striped caps at them and pointed at our striped clothes, but there was no mercy. . . . We could see one pilot's face, and we thought we had nothing more to fear. But in that instant his plane's belly flaps opened again, and more bombs flew down." --Benjamin Jacobs, *The Dentist of Auschwitz*

LAST WORD

Nine Important Facts To Remember As We Grow Older:

#9 Death is the number 1 killer in the world.

#8 Life is sexually transmitted.

#7 Good health is merely the slowest possible rate at which one can die.

#6 Men have 2 motivations: hunger and having sex, and they can't tell them apart. If you see a gleam in his eyes, make him a sandwich.

#5 Give a person a fish and you feed them for a day. Teach a person to use the Internet and they won't bother you for weeks, months, maybe years unless you give them your email address.

#4 Health nuts are going to feel stupid someday, lying in the hospital, dying of nothing.

#3 All of us could take a lesson from the weather. It pays no attention to criticism.

#2 In the 60's, people took LSD to make the world weird. Now the world is weird, and people take Prozac to make it normal.

#1 Life is like a jar of jalapeno peppers. What you do today may be a burning issue tomorrow.
